

Whissendine

Bunting for Hope

Please use this pattern on

A4 Paper

to make your
bunting triangles.

Use any material you like.

The more colourful
the better

just be sure it will
withstand the
British weather!

The invitation is for you to participate in a community group project to create a celebration bunting along the boundary wall at St Andrew's (and further if possible!). We hope that you and our neighbours and friends in and around Whissendine, of all ages, will take part!

The idea is to capture a sense of the goodness and kindness that has been present during the pandemic.

- Where do you see hope in this pandemic?
- Where do you see love in this?
- Where do you see joy in this?
- Where do you see the help in this?
- What do you grieve? What have you lost in this?
- Where do you see God in this?

The plan is to make bunting showing where we saw or felt love, goodness, God's presence, help or kindness in the pandemic (and if the answer is a desperate "nowhere," that's fine too).

We invite each person to decorate one or more triangles with their answer(s). You can draw and/or write your ideas perhaps with fabric pen or paint, and if you have skills in embroidery, applique, patchwork, etc; please use them! Remember it will be outside...

The deadline for submissions is open.

When you have finished your triangle(s), please either:

- Put them in the box in St Andrew's porch
- Put them through the Vicarage letterbox (3 Paddock Close, Whissendine, LE15 7HW)
- Put them in the box at the shop

Questions? If you have any questions or are in need of help please contact Reverend Deborah 01664 474652 / 07919385314 / debmarsh37@yahoo.com
